## Latest news

### ■ Announcement 6th EuCheMS 2016 Congress in Seville

6<sup>th</sup> EuCheMS, is scheduled for 11<sup>th</sup>-15<sup>th</sup> of September, 2016. Under the theme of Chemistry: Shaping the Future, the Congress will offer five days of scientific and technical sessions, plenary lectures, keynote speakers, oral and posters communications, roundtable discussions and workshops, unparalleled

networking opportunities, an exhibition and a unique social programme.

The scientific program for the 6<sup>th</sup> EuCheMS Congress will include 8 plenary lectures from world-leading scientists, around 120 keynote and invited lecturers, over 120 oral and poster sessions with around 2,000 peer's communications, specialized symposia and seminars.

5 Nobel Laureates have already confirmed their participation as well as Spain's most prestigious award, Príncipe de Asturias Award on Scientific and Technical Research 2014, Avelino Corma.

6th EuCheMS congress Website is already available with plenty of information about the organizing societies, Committees, Topics, Venue, Exhibition and Sponsors with a full developed offer you can download, Seville and, what's more important, Pre-Registration already available and much more. We encourage you visit and pre-register so you can be constantly updated on its progress: <http://euchems-seville2016.eu/>

Organisers, EuCheMS and ANQUE welcome you.

### ■ Confirmed Speakers

Outstanding speakers have already confirmed their attendance. 5 Nobel Laureates will participate in the Congress offering plenary lectures. Ada Yonah, Richard Schrock, Aaron Ciechanover, Harold Kroto and Jean-Marie Lehn will offer conferences at 6th EuChems. **Avelino Corma**, Spain's most awarded chemist and recent Prince of Asturias award has also confirmed his assistance and joins these spectacular group of plenary lecturers.
